Hello and welcome to the December newsletter for plewisracing.co.uk

Firstly, we would like to wish everyone a Happy New Year and we look forward to working closely with our current sponsors and prospective sponsors.

2009/2010 Sponsors & Partners

As you will already be aware, Peter and the team have been working hard in finding sponsors ready for the 2010 motorsport season, which in the current climate is proving difficult.

Peter and the team would like to thank Neil Marlowe ([Microtrading Ltd](#)) and the team at [Sign Mechanics](#) for their support during 2009 and moving forward into 2010.

To view more information of both companies, please click here to view the [sponsor profiles](#) page of the main plewisracing.co.uk website. If you would like to view their websites, please click on their logo's below.

If you or someone you know may be interested in motorsport sponsorship, please contact Peter via the details below. Attractive packages available with flexible payment options.

Plans for the 2010 motorsport season

During the off-season, Peter is continuing to work on his physical fitness with a view to being on track as soon as possible.

Hospitality for 2010

In 2010, Peter and the team are planning on running a number of social events including a karting challenge to help current and potential sponsors to get involved and understand more about Peter and his plans.

Peter Lewis - 07833 302 651
